Patent Telescopic Muslin Curtain Rod and Brackets.

M 1173

The brackets are suitable for either right or left hand. Also for fixing on inside or face of window casement.

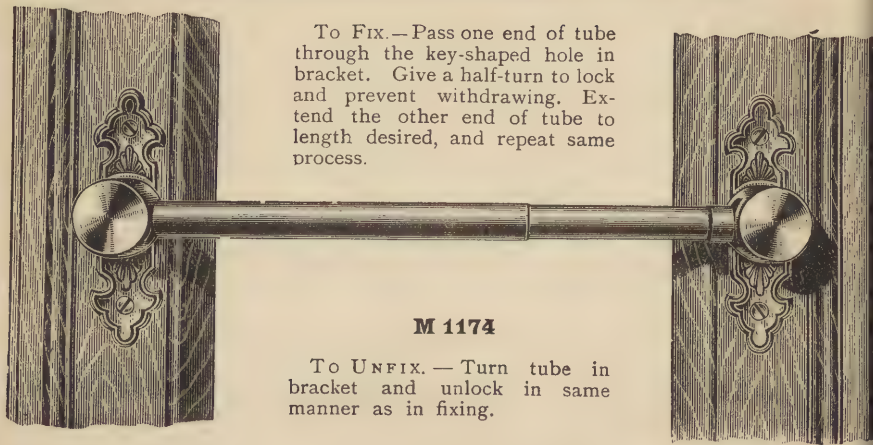

The rod is $\frac{3}{8}$ in. diameter, and made to extend to suit any window from 2ft. 6in. to 3 ft. 9 in. wide.

The great advantage of this article is that no measurement of window is required, and no cutting of rod to any special length.

The Rod.

TO FIX.—Pass one end of tube through the key-shaped hole in bracket. Give a half-turn to lock and prevent withdrawing. Extend the other end of tube to length desired, and repeat same process.

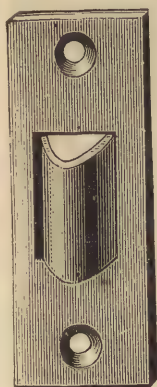

M 1174

TO UNFIX.—Turn tube in bracket and unlock in same manner as in fixing.

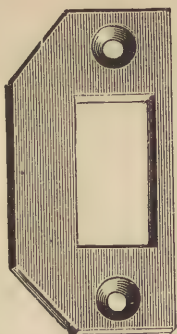

For Inside of Window Casement, No. M 1173	}	Polished Rod, 16/8 per dozen sets.
For Face „ „ No. M 1174		Dipped „ 15/8 „

A dozen sets is—One dozen Rods and two dozen Brackets, neatly packed together in a box, and full instructions with each set how to fix.

Per dozen yards.

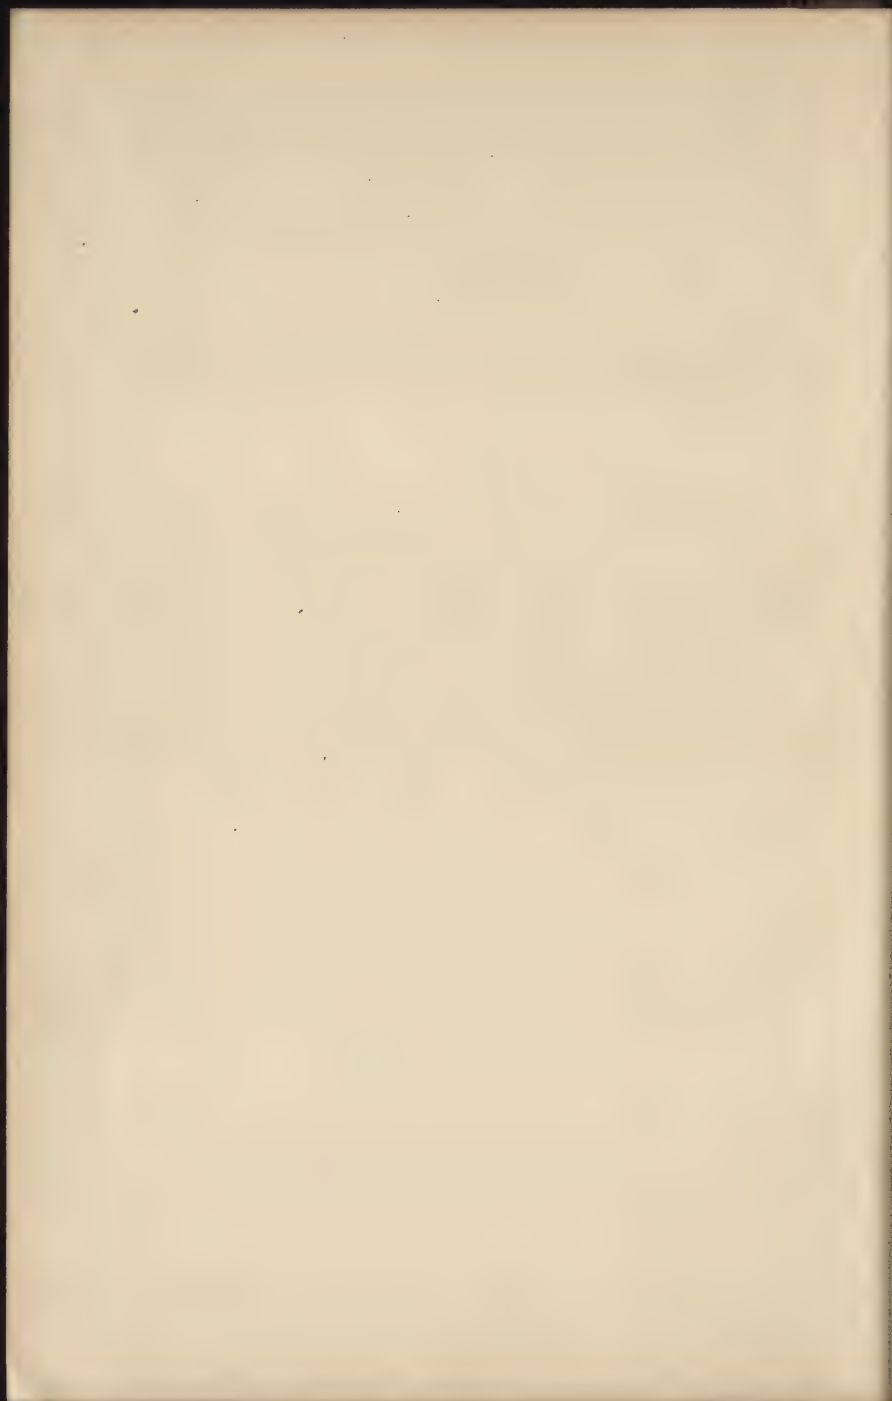

The Letter indicates the shape and size of the Link, and the last number the thickness or gauge; and where double numbers are used, the first indicates the width, thus E15 to E18 are all the same size link but different gauges, while E25 to E28 are the same thickness as E15 to E18, but wider.

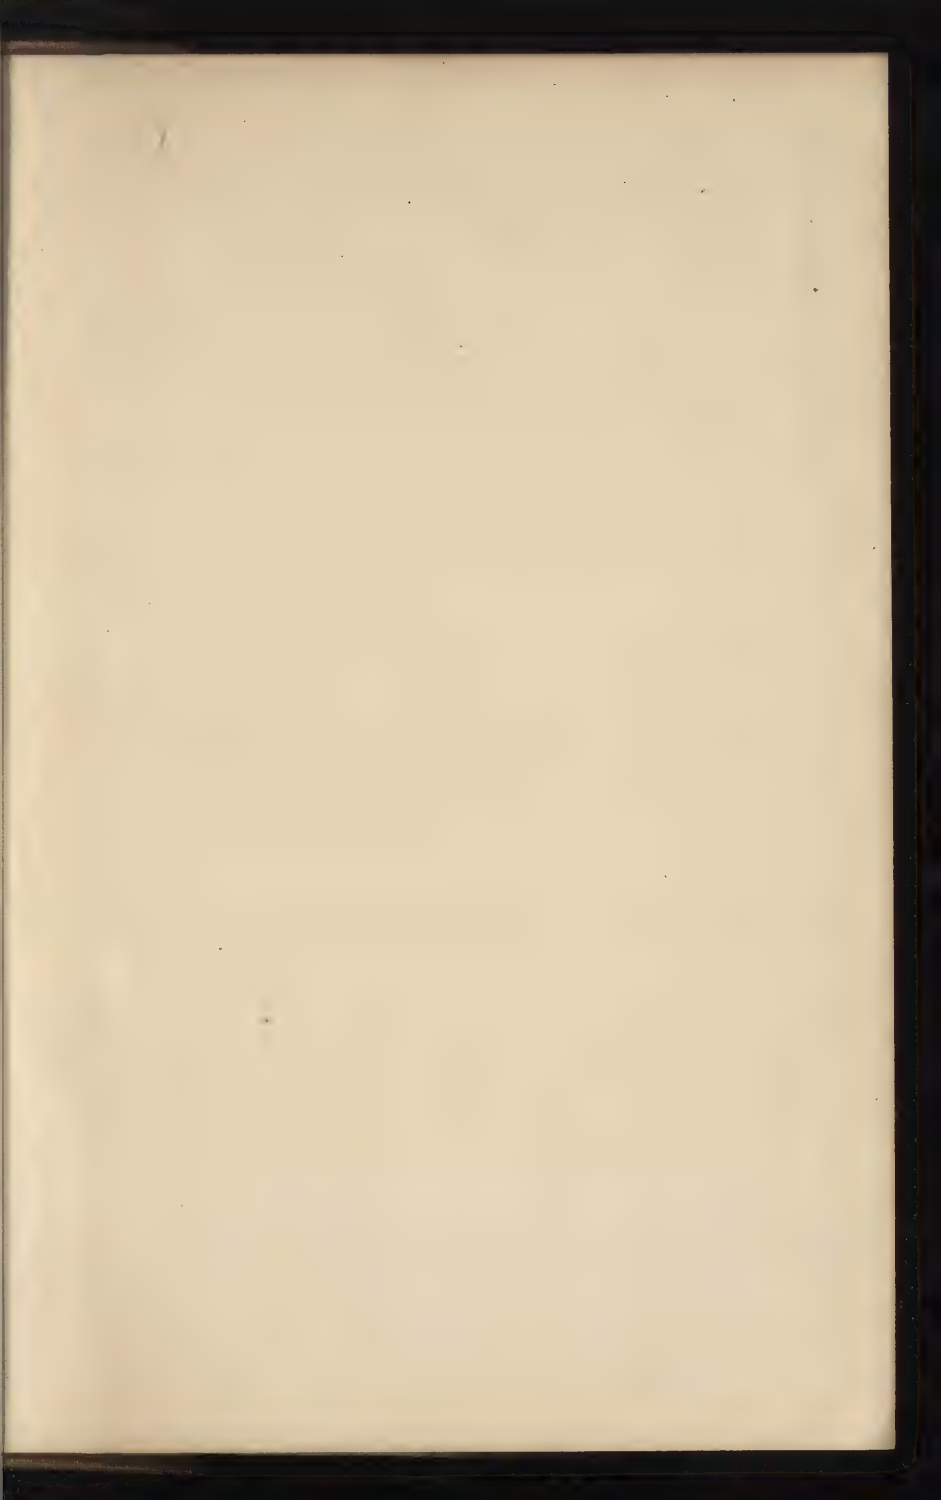

Picture Chain.
